

**The International Movement for Leisure
Activities in Science and Technology**

www.milset.org

The International Movement for Leisure Activities in Science and Technology (The Mouvement International pour le Loisir Scientifique Et Technique or MILSET) is a French non-governmental, non-profit and politically independent youth organisation, which aims to develop a scientific culture among young people through STEAM (Science, Technology, Engineering, Arts and Mathematics) programmes, including science fairs, science camps, congresses, and other high-quality activities. Its headquarter is currently located in Mexico.

Inspiring
youth
through
STEAM
initiatives

Mission

MILSET works at developing opportunities to support its member organisations to engage youth in STEAM through motivation, cooperation, collaboration, networking, and sociocultural interchange.

Engaging

Supporting

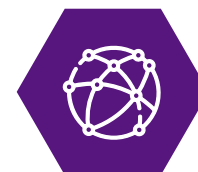

Representing

Connecting

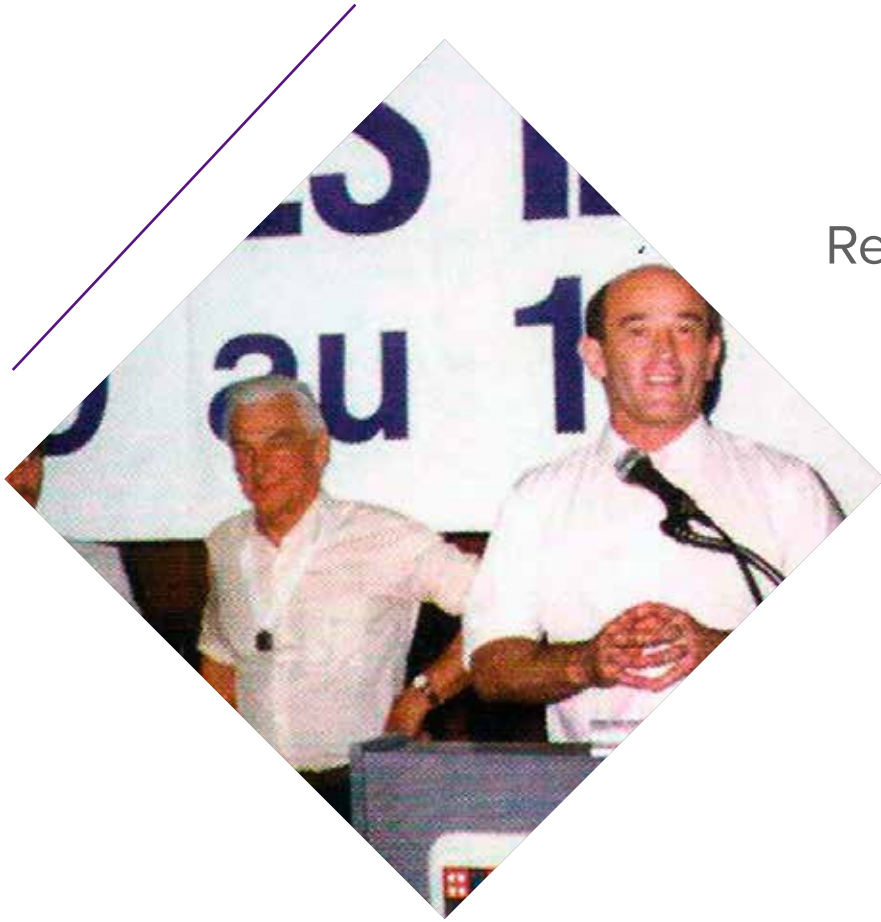

Creating STEAM environments

Networking

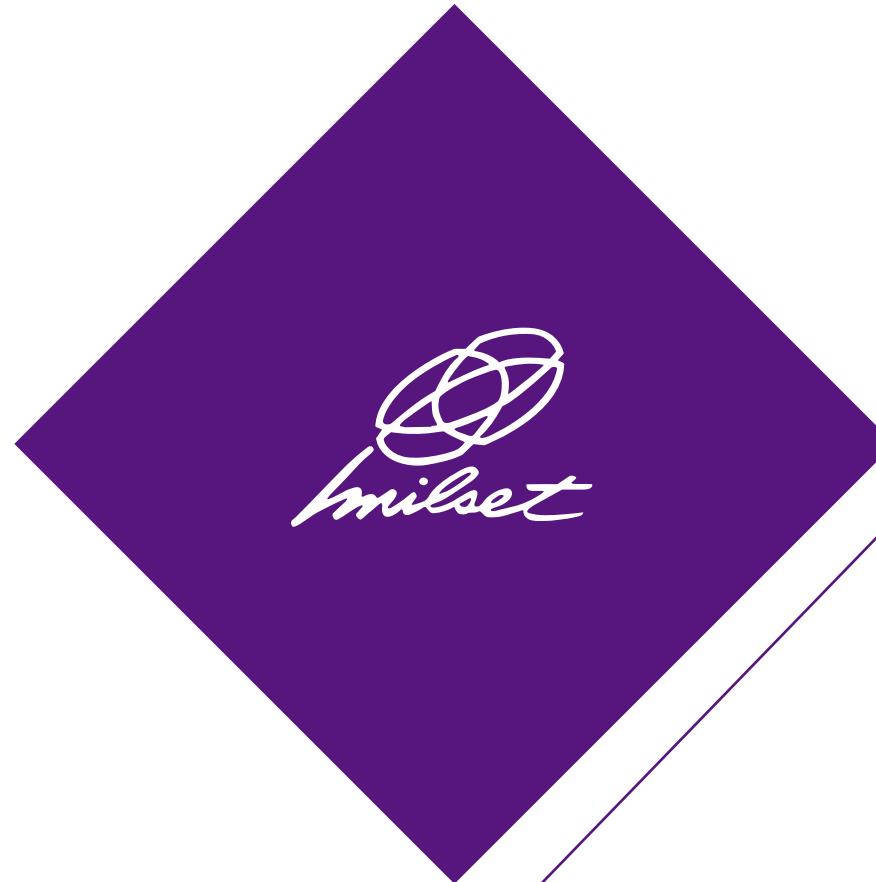

Motivating youth

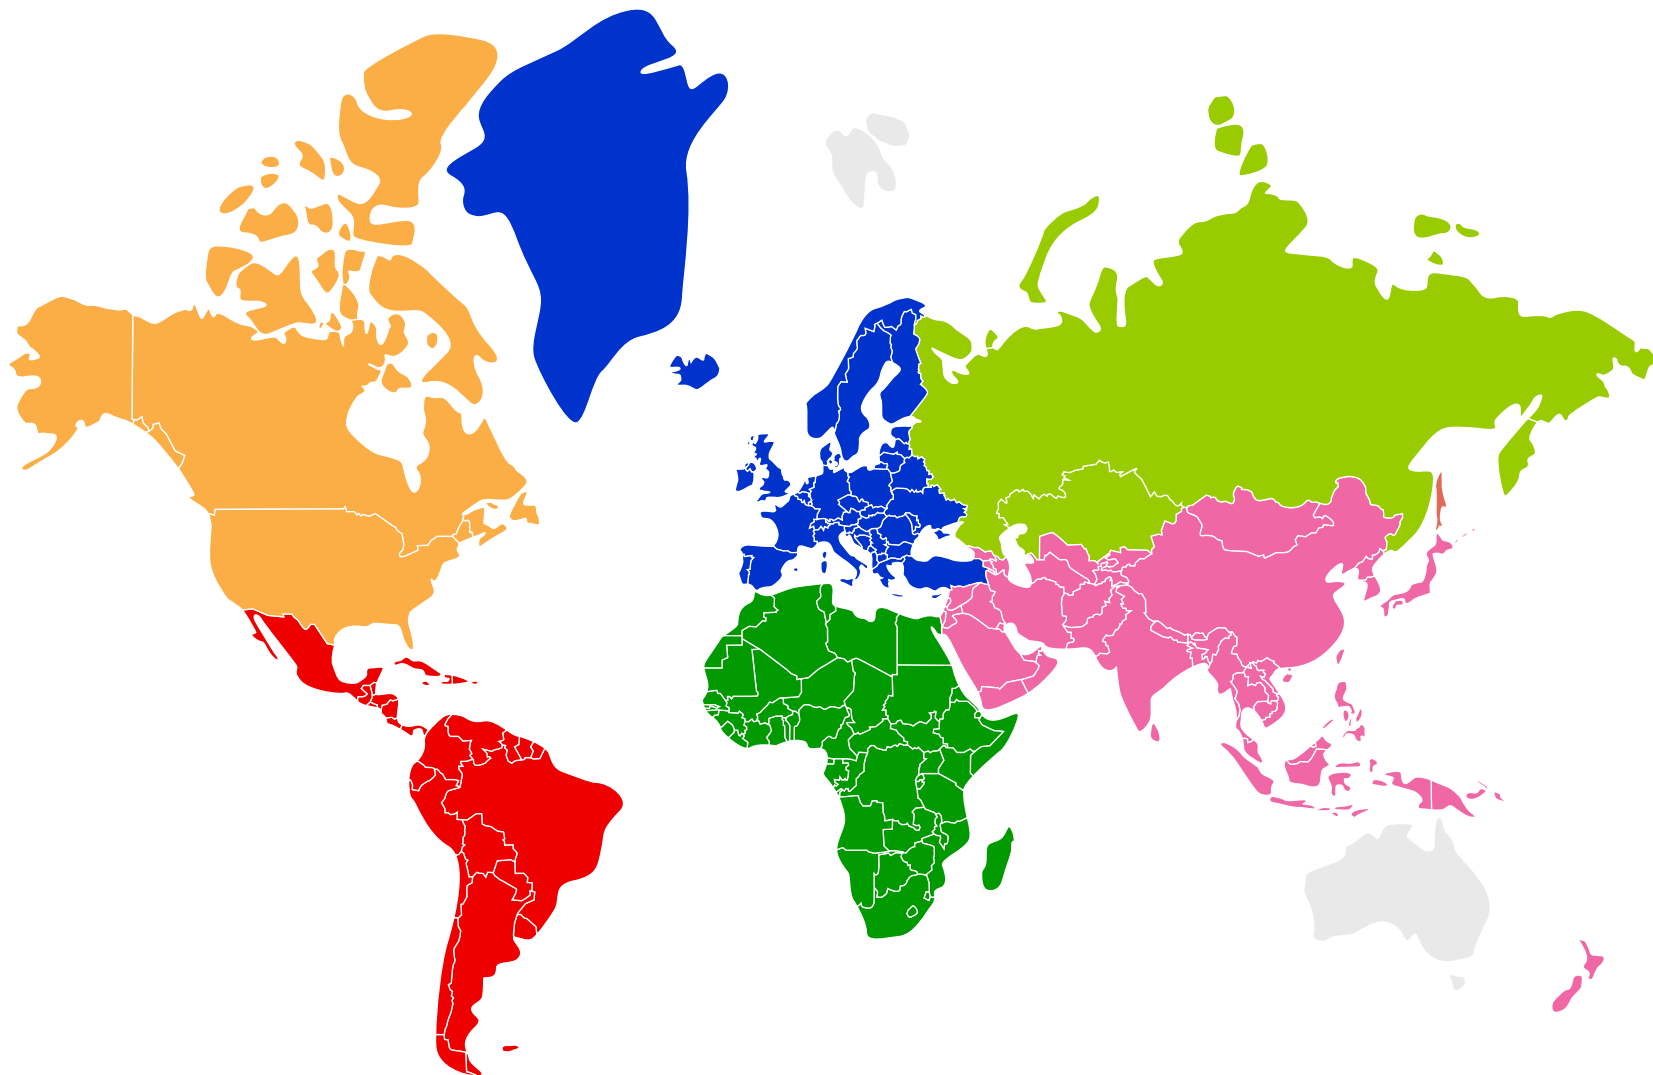

MILSET was created during **ESI 87**, the first International Science Fair held in Québec in **1987**. Due to its constant growth, various Regional Offices were progressively established.

MILSET was founded by representatives of five international organisations and **41 national associations from 20 countries**.

WORLDWIDE IMPACT

Thanks to **MILSET** activities, young people worldwide have already met to exchange and make the most of their creations and discuss with researchers, youth leaders, and industrialists.

MILSET also allows STEAM leaders to do networking.

MILSET EXPO-SCIENCES INTERNATIONAL (ESI)

MILSET EXPO-SCIENCES INTERNATIONAL

MILSET Expo-Sciences International is a **non-competitive multicultural exhibition** that showcases **STEAM projects** developed by children and youth from around the world, as well as interactive exhibits by STEAM-related institutions.

During this event, participants, teachers and leaders from several organisations and institutions attend a rich programme, including Conferences, Scientific visits, Socio-cultural exchanges, Leisure activities, and Workshops.

What can you experience in ESI?

**Young Citizens
Conferences**

**Cultural and
scientific visits**

**Sociocultural
exchange**

**Leader
Congress**

**Leisure
activities**

Conferences

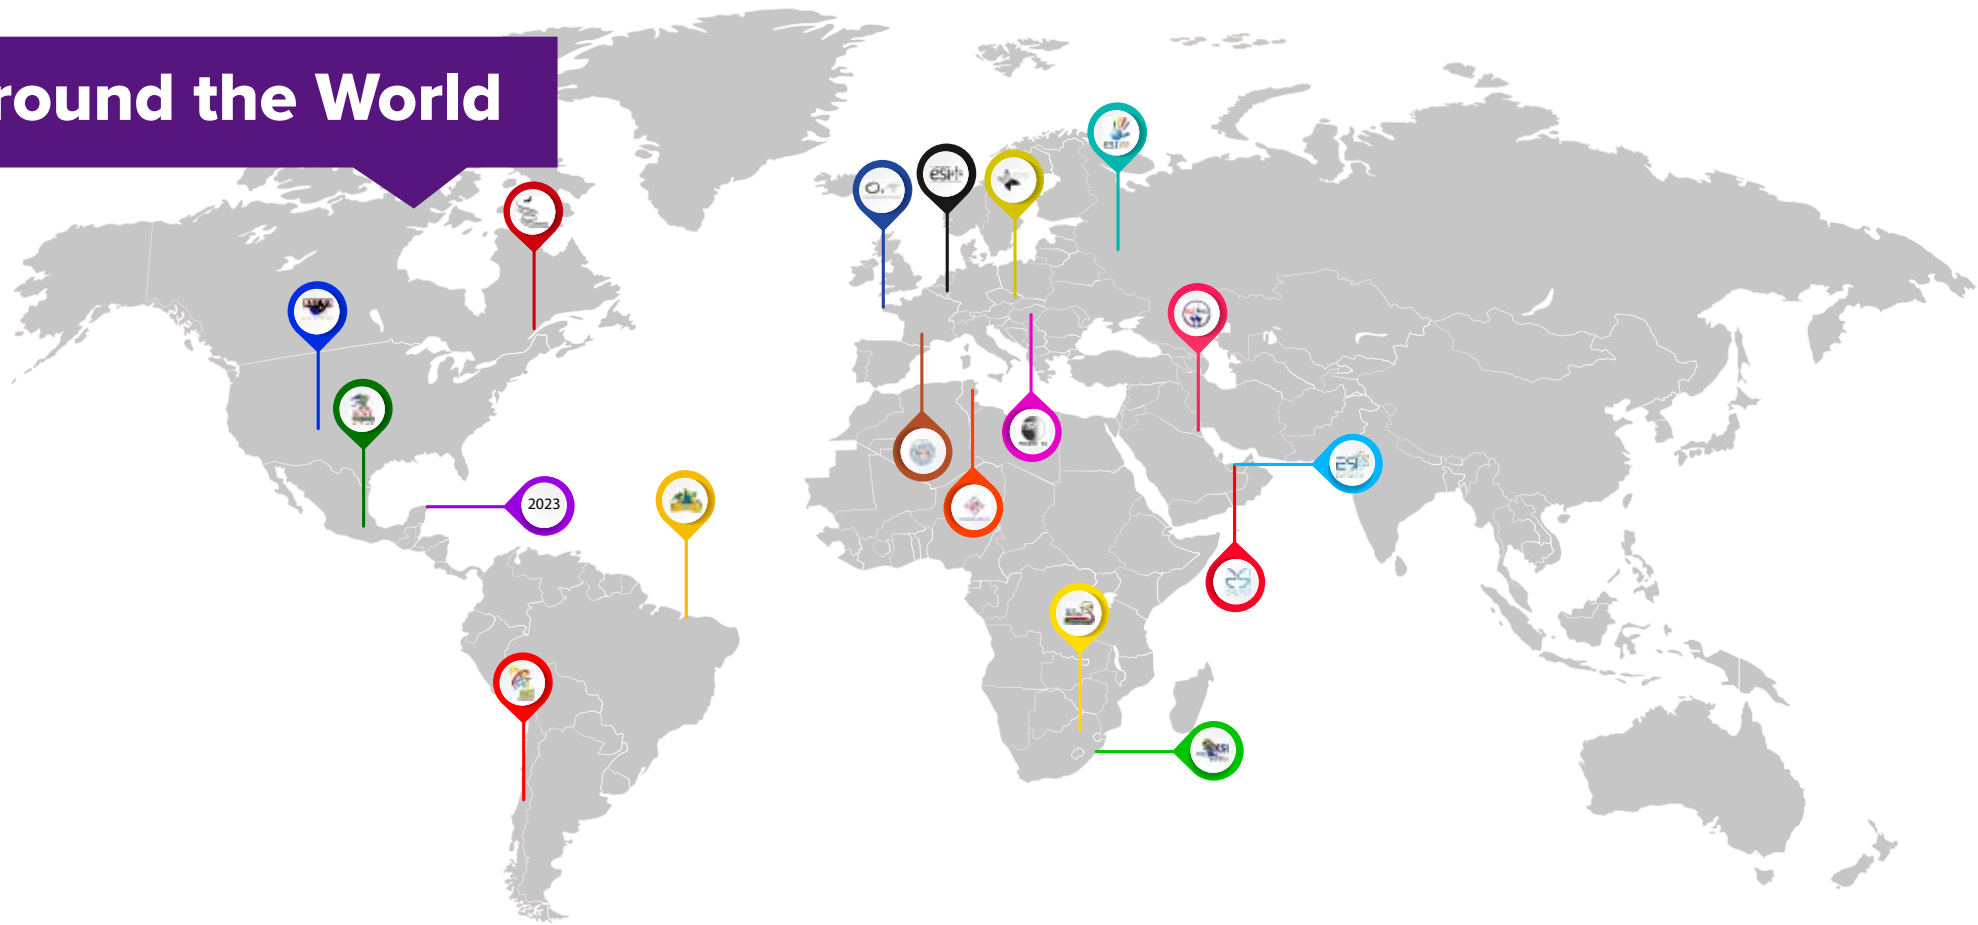

Workshops

Every odd year MILSET members gather to take part in this amazing event and discuss the future and improvement of the organisation.

During ESI's, leaders of youth STEAM organisations can meet to share and discuss best practices in STEAM programmes and promotion.

MILSET REGIONAL EXPO-SCIENCES (ESR)

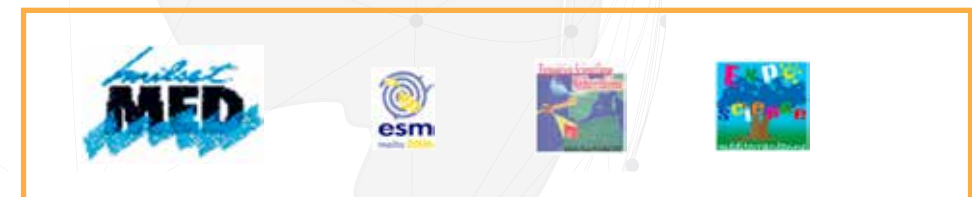

MILSET REGIONAL EXPO-SCIENCES

Every even year MILSET regions organise Regional Expo-Sciences which aim is to provide member organisations with a National environment to share STEAM experiences and do networking.

What can you experience in ESR?

ESR around the World

YOUNG CITIZENS CONFERENCES (YCC)

YOUNG CITIZENS CONFERENCES (YCC)

MILSET YCC is dedicated to the views and concerns of youth regarding the social impact of science and technology on the modern world, gathering their voices from every part of the globe and encouraging them to actively enter the discussion.

The programme is organised during MILSET International and Regional Expo-Sciences, and it is also available for any organisation or institution that wants to organise it in their state, country, or region.

Goals

- Create a space where youth can express their views on the topic.
- Engage youth in discussion and debate concerning their future.
- Enable youth to discover their responsibilities.
- Encourage youth to express their concerns through participation in an open global discussion.

LEADER CONGRESS (LC)

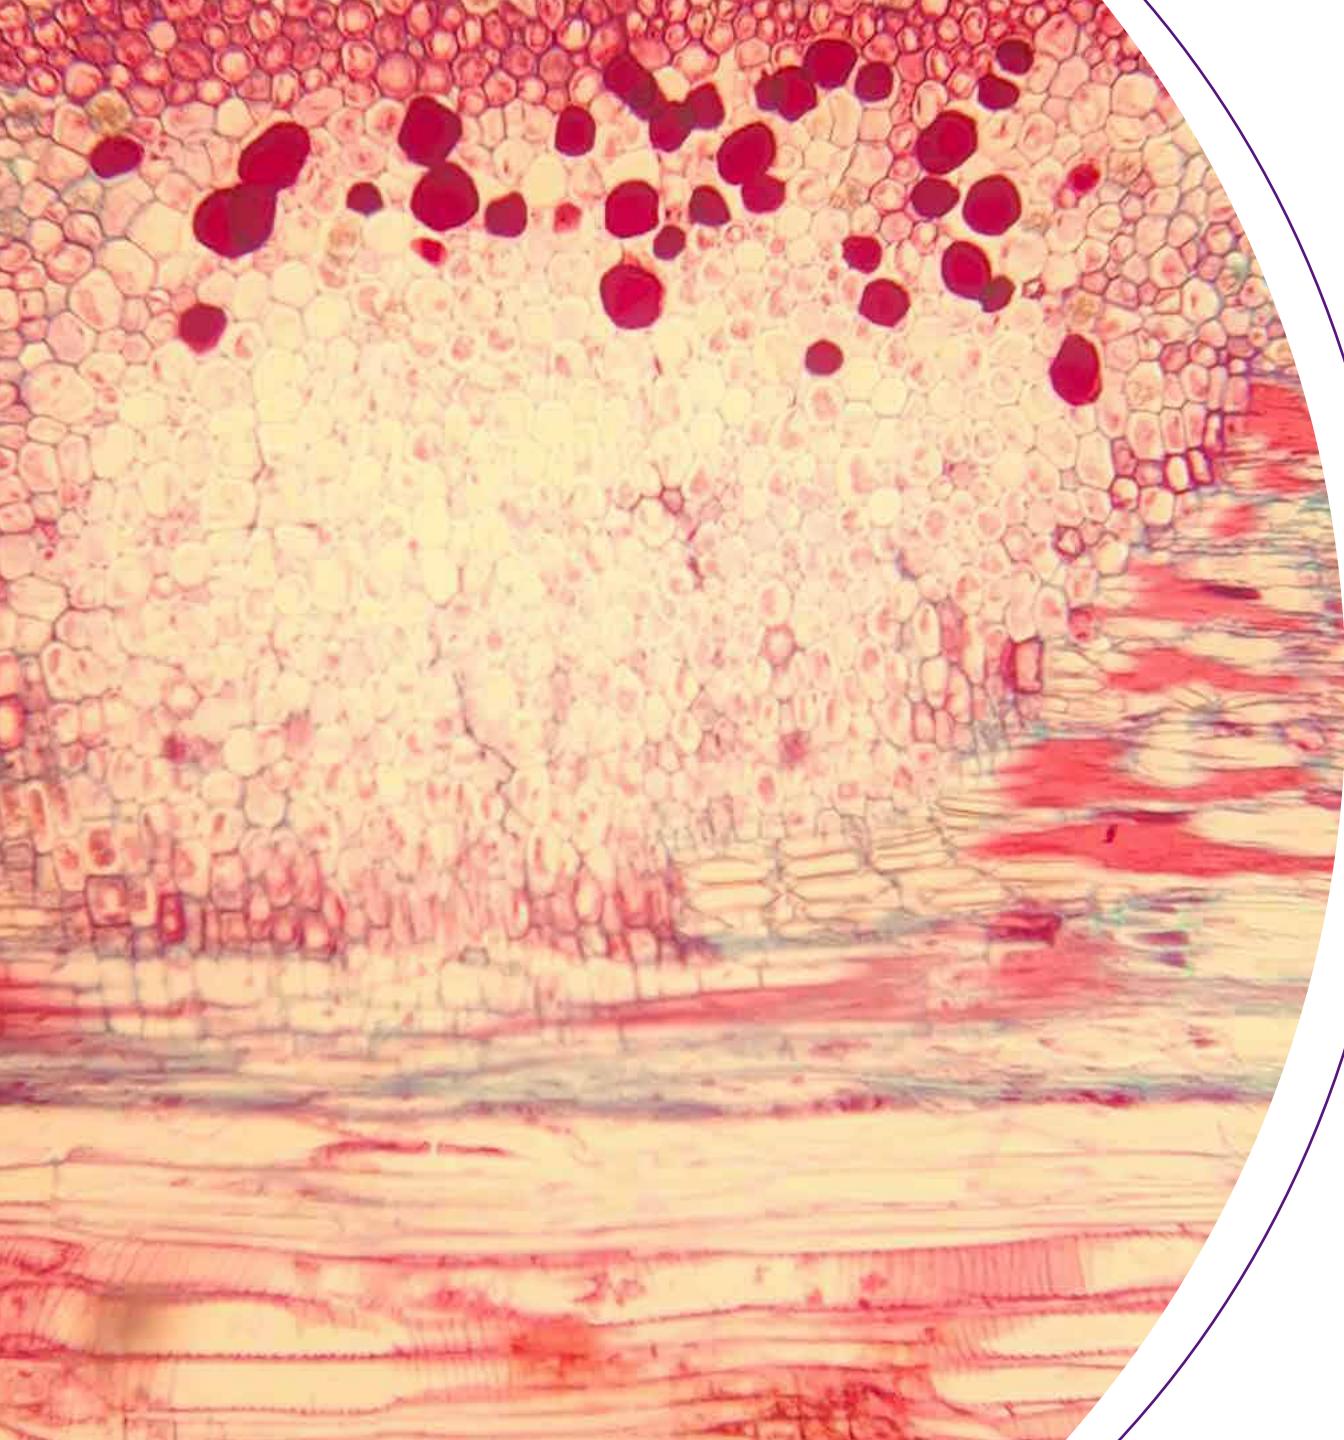

LEADER CONGRESS (LC)

The **MILSET LC** provides a sharing-experience discussion space between MILSET member organisations worldwide, throughout activities such as conferences, workshops, discussion panels, and posters sessions. Leaders and youth's supervisors can interact, share STEAM education experiences, and develop collaborations. This programme is organised during MILSET International and Regional Expo-Sciences.

Goals

- Create a space where participants can express their views, concerns and proposals on Education and STEAM concepts and issues
- Provide high-level content related to STEAM and educational trends
- Enable networking among participants
- Facilitate the exchange of ideas and best practices

MILSET STEAM PHOTO CONTEST (SPC)

MILSET STEAM PHOTO CONTEST (SPC)

The **MILSET STEAM Photo Contest (SPC)** aims at creating a leeway for youth to creatively express what they observe within science, in photos. The contest is open for amateur photographers from all over the world from 13 to 25 years old.

Goals

- Engages youth around the world.
- Communicates STEAM concepts through arts.
- Celebrate the beauty of science and nature.

WHEN ARTS
MEET SCIENCE!

Membership

Join MILSET to celebrate youth STEAM and share ideas from around the world.
